## **OPEN SCAN® COO to Present at BAI Conference**

**National Harbor, MD April 25, 2008** – Michael Starble, COO of Open Scan Technologies, Inc. will take part in a panel discussion at the Remote Deposit Capture Summit on Monday, April 28, 2008, at 11:15 a.m. ET. The conference will be held at the Gaylord National® Resort & Convention Center, 201 Waterfront Street, National Harbor, MD. The Summit is a BAI and RemoteDepositCapture.com sponsored event.

The discussion, titled “The Corporate Value Proposition,” is a moderated panel of leaders in the remote deposit capture industry. The session will address the following:

- Typical business case elements
- The business case of RDC 2.0
- Surprise / hidden costs
- Surprise / hidden benefits
- Market segmentation & elated benefits
- Who’s in charge? Banks, processors or end-users?  
Operational model options & tradeoffs

###

### **About OPEN SCAN®**

**Open Scan Technologies, Inc. (OPEN SCAN®)** is a premier provider of modular and highly scalable receivables processing solutions that extend the functionality of remote deposit capture and wholesale lockbox. The company’s flagship product, RedCap™, delivers the convergence of electronic check deposit, remittance processing, forms processing and cash application at the desktop or in a distributed enterprise environment. Corporations, financial institutions and government agencies of virtually any size realize the highest levels of automation, data accuracy and operational savings for their receivables processing environments.
